

Find your voice, and a whole lot more

ASHBURTON Sings community choir will be part of a massive concert at the Melbourne Town Hall featuring 400 singers from 40 nationalities.

With One Big Voice, on September 15, is an inspiring celebration of songs and stories – and everyone's welcome to sing along!

Our Community Sings (Ashburton Sings) rehearses at the Ashburton Baptist Church on Wednesdays, followed by supper. There are no auditions and no singing experience is necessary. New singers are always welcome. Our Community Sings is led by enthusiastic conductor and pianist extraordinaire, Kym Dillon.

The choir is part of Creativity Australia's With One Voice choir program, which in just five years has grown from one to 13 choirs in Victoria and New South Wales. Each week, people from all walks of life sing side by side. See our notice under Music & Theatre Groups in the *Bulletin's* Community Notices.

The science of singing is proven to make you happier, healthier and smarter, but the award-winning With One Voice program also focuses on social inclusion and wellbeing, providing a joyful place for people to find their voice, friends and mentors, improve self-esteem, build skills and employability. The choirs are fun and we'd love you to join us! To find out more please visit www.creativityaustralia.org.au

Ashburton Sings community choir members share their voices.

With One Big Voice is on Sunday, September 15, from 3-5.30pm, at the Melbourne Town Hall. Bookings: www.wobv2013.eventbrite.com.au

Fun's the aim for club

CAMBERWELL Target Rifle Club aims to be inclusive. Membership over the years has consisted of husbands and wives, parents and their children.

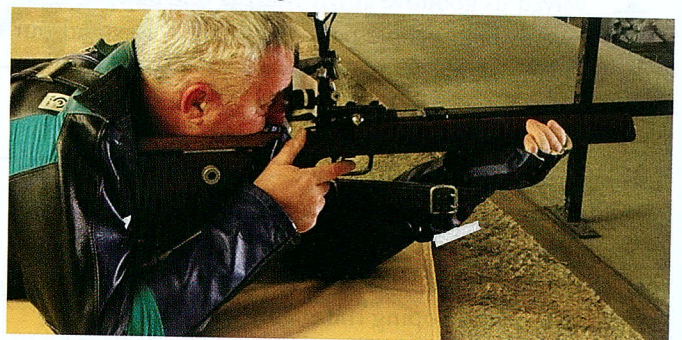

"Our members come from a wide variety of occupations, from professional to tradespeople," club secretary Dianne Robertson said. "The sport requires precision and accuracy, but we are also a social group."

The club has been in existence since 1917 at various locations in the Canterbury and Surrey Hills area. It has been at its present Robinson Rd, Surrey Hills, site since it was constructed in 1957.

"We shoot 20m small bore on a Tuesday night and 10m air rifle on a Thursday night," Ms Robertson said. "The club takes part in 10m air rifle pennant, 20m and 50m pennant in the target rifle category. We also enter the various postal competitions that the other target rifle clubs hold."

"No shooters licence is required to come and try and see if the sport is to your liking," Ms Robertson said. "Members will give a brief safety talk before the visitor is permitted onto the range."
