

Information to start a *With One Voice* Program in your community

Welcome

The *With One Voice* movement is about strengthening communities and inspiring individuals to find their voice. We believe empowered individuals and supportive communities are better placed to solve society's big challenges including cross-cultural integration, unemployment, mental illness, productivity, skills shortages, loneliness and isolation, family fragmentation, homelessness and more.

The *With One Voice* movement is more than just singing with your local community choir. It is an opportunity to create real connections between the diverse people in your community. It is about reaching out to those who are experiencing disadvantage and encouraging the socially advantaged in our community to engage with, learn from and help these people.

We welcome all communities from across Australia to create a *With One Voice* choir.

If you would like to apply to set up and run a *With One Voice* program in your community, please read and understand the following information, visit <https://www.creativityaustralia.org.au/apply/> and then complete the online application form <https://goo.gl/forms/6EjBhqoNmkF4Suaz2>.

How the *With One Voice* program works

With One Voice programs are set up and ran by local volunteers using the resources and materials provided by Creativity Australia.

By establishing a local community choir under the auspices of Creativity Australia (as a registered charity) you hold a licence that enables the choir to raise funds to support projects and initiatives at a local level.

The choir is set up as an unincorporated association under the umbrella of Creativity Australia. This includes an independent bank account which is jointly managed by the local choir volunteers and Creativity Australia.

There are seven key components to the program:

1. bringing together a diverse range of local community individuals and organisations to promote, commence and participate in the program
2. finding an extraordinary music leader (who is empathetic and inspiring)
3. finding a safe, nurturing space to sing (that is accessible and close to public transport or infrastructure)
4. seeking out diversity (all are welcome - all ages, backgrounds and cultures...no auditions)
5. showcasing your choir ... share the love (perform locally, celebrate accomplishments)
6. nurturing social connections (rehearse weekly, share supper, share the "Wish List")
7. building sustainability (develop community & business connections, recruit some helpers, start fundraising).

Two ways to establish a *With One Voice* choir

There are two ways to establish a *With One Voice* choir:

1. Apply for seed funding to start a *With One Voice* choir
2. Establish a new community choir with funding from local sources.

Costs

It can cost up to \$25,000 per annum to run a *With One Voice* choir, though for most programs venue and/or supper are donated taking the costs down to \$15,000.

Costs of running a choir may include:

Conductor (depending on total number of rehearsals and performances)	\$10,000 - \$12,000
Venue	\$5,000
Supper	\$5,000
Resources (Insurances, licences, T-shirts, incidentals)	\$3,000
Total	\$23,000 - \$25,000

The organising committee (and entire choir) is responsible for raising the funds to keep the program running every year. Where in-kind support can be found (ie venue and/or supper), this will reduce the total amount of fundraising the organising committee and choir need to undertake.

There are THREE key ways a choir can raise money:

1. Membership contributions
2. Performance donations
3. Donations from local Community Foundations, businesses and local government to support participation of disadvantaged participants, your conductor, venue and supper

Most *With One Voice* choirs can raise between \$6,000 - \$12,000 per year through membership contributions (e.g. employed participants pay a \$500 per year membership and are encouraged to make donations to support the participation of those less fortunate). A further \$1,000-\$3,000 can be raised through performances and donations.

The *With One Voice* weekly program format

The *With One Voice* format is very simple: weekly rehearsals of approximately 100 minutes, roughly aligned using the following times:

- Singing: 60 mins
- Wish list: 10 mins
- Supper: 20 mins
- Clean up: 10 mins.

The Wish List is a very special part of the weekly program. It is the chance for members to help and care for one another as a true 'neighbourhood community'. During the weekly rehearsal Wish List volunteers read out wishes/requests and other things being offered by members. Some examples of exchanges through *With One Voice* wish lists are assistance with resumes, learning languages or how to use the internet, invitations to events, furniture, clothes, help moving house, job opportunities and other tuition.

Who should apply?

Creativity Australia welcomes applications to establish community-based *With One Voice* choirs from a group of individuals or community organisations that have an interest in building healthier, happier, more inclusive and stronger communities.

There is no limitation on who can apply to start a *With One Voice* program, however, the organising committee, once fully established, cannot be made up of one group of people or organisation. The organising committee must represent the community and applications will be assessed based on their diversity and/or plan to achieve diversity.

It is anticipated that the types of community organisations that may wish to form a community choir under the *With One Voice* program may include:

local schools - disability organisations - job seeker organisations -
community based organisations such as the Lions Club, Rotary, Freemasons -
refugee groups / organisations - churches / religious groups
sports groups, (*such as footy clubs, tennis clubs, bowling clubs*) - mental illness groups.

Groups of individuals are also welcome – and encouraged – to start a *With One Voice* program.

The above is not an exclusive list, however is intended to help stimulate discussion in the wider community about establishing a *With One Voice* choir in your local area. If you would like to discuss your application to establish a *With One Voice* choir, please contact Creativity Australia.

Please note, local and state councils are not eligible to apply.

Seed funding

Creativity Australia is offering a limited number of communities' seed funding to start their own *With One Voice* program. The seed fund is to cover initial costs of conductor, supper and venue (if these can't be found in-kind) while the program establishes itself in the community. The \$10k grant will be paid in four instalments of \$2500 after choirs have met 4 establishment milestones (i.e. 1st rehearsal, launch).

Success is determined by our unique "Health of Choirs" indicators that measure member engagement and participation through the program App. During the first six months one of our program staff will mentor the organizing committee to interpret the indicators and use them to focus their efforts to lay a strong foundation for the choir to succeed.

In addition (and separate to the initial \$10k seed grant) individual communities may also apply for an allowance of up to \$2,500 to support their conductor in their development.
