About the NDIS

The National Disability Insurance Scheme (NDIS) is the new way of providing disability support. The NDIS will provide all Australians under the age of 65 who have a permanent and significant disability with the reasonable and necessary supports they need to enjoy an ordinary life. The NDIS will help people with disability achieve their goals. This may include greater independence, community involvement, employment and improved wellbeing.

Can I access the NDIS?

To become an NDIS participant a person must:

- Have a permanent disability that significantly affects their ability to take part in everyday activities;
- Be aged less than 65 when they first enter the NDIS;
- Be an Australian citizen or hold a permanent visa or a Protected Special Category visa; and
- Live in Australia where the NDIS is available.

Is the NDIS be available in my area?

The NDIS is being introduced in stages around Australia to ensure it is successful and sustainable because it is a major change.

People will enter the NDIS differently depending on where they live, how old they are and the type of support they currently receive.
